

The Assist Group is the nation's leader in Prospective Hospital Claim Review and Resolution with average savings of 20% after contractual discounts. Since 1999, The Assist Group has helped payers save millions of dollars by ensuring that they pay only for actual care rendered in accordance with defensible industry payment guidelines and plan benefits.

## The Assist Group Difference

### Highly Specialized Hands On Expertise

Reviews are performed by charge master experts, specialized nurse auditors, physicians, certified coders, public accountants, healthcare counsel, negotiation and provider appeals experts.

### Prospective Review

Reviews are performed within prompt payment guidelines resulting in faster, higher realized savings given the leverage of outstanding payment for disputed charges.

### Comprehensive Review

Experts review each line item to identify all exceptions, including billing errors, unbundling, experimental drugs and therapies, level of care, excessive markup and quality of care issues (never events, hospital acquired conditions, medical errors and iatrogenic events).

### Realized Savings

Negotiation experts, attorneys and provider appeals experts work closely with payers and facilities to ensure fast, fair, equitable settlement of all claims.

### Turn Key

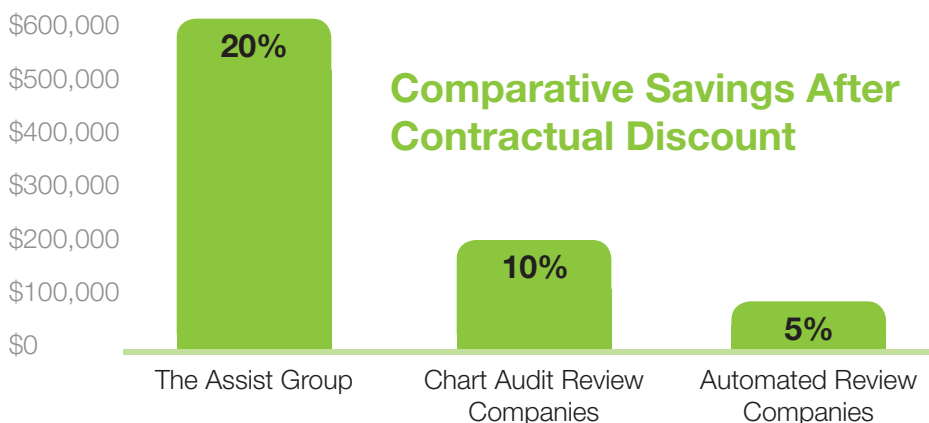

The Assist Group manages the claim from initial review through final resolution with the facility.

### Negotiation Service

Available for out of network claims or those with low or no provider network discounts.

### Results
